Parts For Sale

For Sale: 6 cans of Green Enamel paint for Studebaker models '54 and earlier. Asking \$15 per can.

Contact: Steve Porter sporter@cogeco.ca 905-635-1938

- LEFT side M5 FENDER, Used and shop worn and has a tear, but very solid and only light rust. \$125.00. M5 very used rad with tanks (cheap).
- Used master cylinder (replaced in error, nothing wrong with it and recently rebuilt) \$125 (a bargain!) NOS front wheel cylinders and new fresh wheel cylinder kits for front and rear. Also new kit for master cylinder. These also fit many late 30's- early 40's Commander/President applications.
- 6 volt small bulbs, 1154 and 1158 and NOS 7" sealed beams. 6V horn relays.
-

- Aftermarket wheels and tires for sale. See Champ picture for reference. Chrome 15 inch steel wheels, look great, with 5 inch bolt centers that were on my Champ truck, but don't properly fit Stude trucks with stock drums. Likely fit most Chevys. Could use spacers to make them work on a Stude. \$200 for 4. Also, a set of four 225/75/R15 radial tires with like-new thread depth and a 1 1/4 inch white wall. \$200. Package deal all tires and wheels together only \$325.!!!

For Sale - A Studebaker Horse Drawn Buggy. A one-seat "tray bodied" (curved bottom) concord- style buggy. Decal at rear says "Studebaker" and as well the top of all the spinals say "Studebaker Improved" when any of the wheels are removed. ORIGINAL leather upholstery in GOOD shape, but quite hard. Longitudinal springing (not the usual transverse elliptical). "Iron" tires. Never was equipped with a top. Solid, no rot anywhere, quite complete. But single-horse shafts in very poor shape. Tray door compartment under the seat. Modified so that the seat can be removed for improved, easier transport. Year unknown, but have a copy of a catalog-type illustration from

Studebaker of the exact model dated 1915. Bought it just north of Indianapolis in 1990 and only displayed a couple of times. Paid my daughter to paint it black by hand, for preservation, when she was in high school (she's in her mid 30's now!). Somewhere have measurements for replacement of original red pin striping. \$999.00 no more, no less! Have a custom professionally built trailer for open transport (harder than you think to find a "stock" small trailer to fit it!) also for sale in next-to-perfect shape (almost never outside) available for \$1,001.00, no more, no less! Thanks.
