For Sale:

1971 Avanti II for sale with just 54 000 miles since new. It is in very good condition and has the original 300 HP 350 Corvette motor which works really well. The old three speed automatic has been replaced with a Tremec five speed manual so it just idles along at highway speeds. The interior is also in good condition though there is a small cut in the side of the drivers seat, which is shown in the pictures. There is new carpet and the original, striped upholstery still looks good. The Magnum 500 wheels and whitewall tires have very few miles on them. The A/C has been removed but I still have all the original components. It also has electronic ignition, Turner brakes, ceramic coated manifolds and a high torque starter. The hog troughs are excellent and there is no rust on the car anywhere. The car is shown with several pictures in the Nova Scotia Kijiji classic car section. Asking \$18,000.00 OBO. Serious inquiries only please.
